**HURTIGRUTEN**

## *Welcome to Hurtigruten*

Hurtigruten is renowned for its comprehensive and adventurous voyages. With 117 years of maritime experience and a fleet of thirteen comfortable ships, we offer voyages that go beyond the realms of other liners, providing the best in specialist knowledge and expertise on journeys that exceed expectations and provide an opportunity to encounter environments, wildlife, and people.

### **NORWAY**

Our ships have been an integral part of Norwegian coastal life for generations, with daily departures from Bergen crossing the Arctic Circle to sail deeper into the heart of this spectacular landscape. Beneath the dazzling brilliance of the Midnight Sun or the Northern Lights, these regular sailings call at remote ports almost never visited by commercial liners, bringing passengers to isolated communities lying amid a backdrop of breathtaking scenery.
